Tuscany is the land of wine: red,  
white and rosé.

We have a huge selection of Cellars,  
which extends from Chianti to  
Vernaccia, to Brunello; you will be  
spoiled for choice, from the small  
rustic and family cellar to the  
prestigious cellars.

But ours is also an area where the  
craft beer culture is expanding more  
and more where you can find small  
breweries including one, unique in  
the world, which produces beer thanks  
to the renewable energy of the subsoil.

# And more....

- Cheese experience: would you like to know how cheese is made?

it is an art that is increasingly disappearing and that our farmers want to keep alive and hand down.

The Podere Paterno farm that makes formidable cheeses can show you how cheese is made and even do a tasting at the end of the tour.

- Taxi driver (for city tours): if you need someone to take you to places, who knows the area and offers a wide range of transport services, we can put you in touch with professionals

- Horse riding: if you love horses and nature, beautiful rides can be organised

- Basic, advanced and master ice cream making courses. A unique experience in one of the most famous medieval villages in the world: San Gimignano.

- Accademia del Giglio: the proposal of the Accademia del Giglio (of Florence) is also very nice, offering a day as a painter, both here in our villa and in the surroundings of Florence, an unusual but highly requested activity.
